

## Feedbacks IOT workshop

1 : The manual was helpful

- Interface worked really well
- The wifi didn't work all the time but the students were able to get me through.
- It was a great experience

2 : The manual was helpful

- Interface worked really well
- Good idea, nothing to improve

3 : The manual was not helpful, not enough steps

- Interface worked really well

4 : The manual was helpful

- Interface worked well
- I really liked the workshop but would have liked to see a bit more about the programming but I will check this after the workshop

5 : Manual was helpful

- Website was not clear
- For some people it was not clear how to reconnect the device at home

6 : Manual was helpful

- Website was clear
- The website setting should be clearer

7 : Manual was helpful

- Website was clear
- Do some circuit checks before so there is no faulty components

8 : Manual was helpful

- Website was clear
- Nothing, it was awesome

9 : Manual was helpful

- Website was not clear
- More servos
